## Unlimited On-Demand, Remote Keying Changes the Way Staffing Company Satisfies Client Needs Staffing Alliances to Resell Orbograph's Key-Pay® Convene™

**Billerica, MA, February 14, 2007** – Orbograph Ltd., a leading developer of automated recognition software and supplier of web-based, remote data entry/repair services, today announced that it has signed an agreement with Staffing Alliances of Dallas, Texas, under which Staffing Alliances will act as a reseller of Orbograph's Key-Pay Convene data entry/reject repair solution.

"This relationship opens up a new channel for Convene and re-affirms the value of utilizing remote keying resources," said Roni Boker, Key-Pay Convene Product Manager for Orbograph. "Most of our clients are financial institutions that are familiar with Orbograph through our recognition software relationships. They depend on us to accurately key otherwise unreadable check data. Staffing Alliances has taken a revolutionary approach to the challenge of personnel placement in a typical staffing agency environment. With Convene, they can now tap into our on-demand keying resources and become capable of quickly and accurately processing all types of forms, from remittance data to EOBs and healthcare insurance forms, all without having to address the local human resource issues."

"Staffing Alliances applies a manufacturer's representative model to the human resources demands of our clients," said Brad Stevens, President & CEO of Staffing Alliances. "Since we offer a wide spectrum of services, from pre-employment screening all the way to permanent placement, we are able to approach our clients' needs from their side of the desk. Orbograph's Convene product, an on-demand remote keying solution, is an ideal fit for our business model. We are able to offer our clients secure, highly accurate and immediately available keying resources anywhere and anytime at a very affordable cost."

Stevens concluded: "Even though we are a staffing company, it's not about providing head count – it's about providing capacity and productivity. Our clients demand solutions based on sound business models that drive bottom line profits. Convene satisfies that demand. We look forward to a mutually successful relationship with Orbograph and Key-Pay Convene."

### About Orbograph

Orbograph ([www.orbograph.com](http://www.orbograph.com)), a subsidiary of Orbotech (NASDAQ/NM SYMBOL: ORBK), is a leading developer of recognition solutions for the U.S. check processing and business process outsourcing markets. Our technologies are in use at hundreds of banks and financial institutions across North America, processing millions of items each day. Through our recognition solutions, fraud detection, business process outsourcing technologies and image quality assurance applications, we enable customers to reduce costs, improve operational efficiencies and achieve rapid ROI.
